# QUALITY

ISO 9001  
BUREAU VERITAS  
Certification

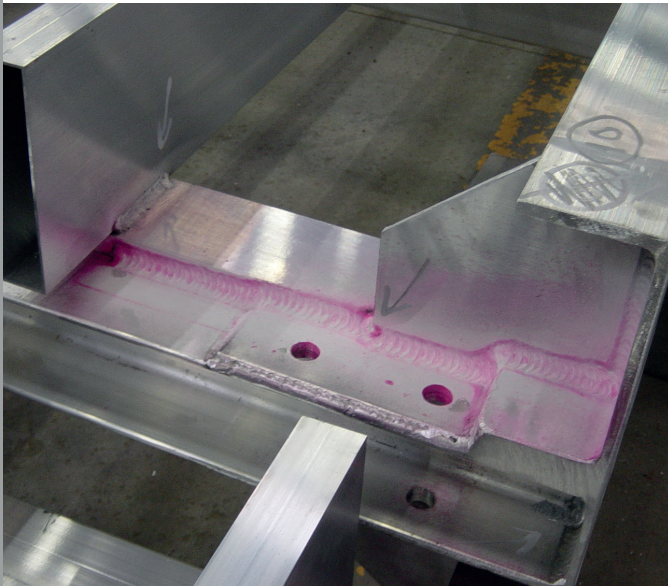

Atlantic Marine is ISO 9001 certified, testimony of the company's capability to provide services and products in compliance with customers and stakeholders requirements.

Atlantic Marine cares for our planet. Aluminium, the main component in our pontoons, is 100% recyclable. Timber is harvested from Sustainable Forests (FSC) while composite timber is highly recommended. The carbon foot-print of our projects is kept low with the use of local fabricators and suppliers when available.

## 01 Welding Test

## 02 Assembly

## 03 Load test

## 04 Buoyancy test
